

## Student Sponsorship Request Letter For Education

Dear

I am writing to request your support toward my participation in the [College / School /University Name or Program or Course Name] this coming summer. To learn more about my upcoming summer experience abroad, please visit the [website link of your course].

The selection process for the program is quite involved, and I'm very proud to have been invited to participate. My preliminary acceptance was based on strong overall academic standing and high performance in the target language, excellent appraisals from two of my teachers and an adult mentor, a writing sample in the language, and an extensive personal application. Upon reviewing my entire application dossier, the [College / School /University Name or Program or Course Name] Selection Committee chose me as one of the less than [no of student] students to participate this summer!

During my 5 to 6 weeks abroad, I will attend daily classes in grammar, culture, literature, phonetics and conversation. In the afternoon, I will participate in planned activities such as theater, singing, dance and sports. In addition to my coursework and excursions to historical sites, I will live with a host family and learn more about the language and culture from them. I will be completely immersed in the target language[Mention about your course or program].

After I return, I plan to continue my studies in the language and culture. I have committed to sharing my experience with the students and teachers at my school. I will also help and encourage my fellow students in their language studies.

My parents and I are working hard at making this trip possible for me, but we are seeking sponsorships to help offset the expenses. Would you be willing to sponsor me to help finance my trip abroad? If so, I would be extremely grateful!

Any amount is appreciated, and I THANK YOU in advance for helping to make this amazing opportunity a reality for me.

Sincerely,

Personal Note:
